

**CONDOR COUNTRY**  
CONSULTING, INC.

---

*Client:* Golden Gate Bridge Highway and Transportation District  
*Services:* Cultural Resources Monitoring for Golden Gate Bridge Security Project –North Side; Cultural Resources Monitoring for Golden Gate Bridge Retrofit Cleanup Project – South Side  
*Year:* 2006-2008  
*Value:* \$22,500

*Description of services rendered:* Condor Country Consulting performed archaeological monitoring and survey for security and seismic retrofit projects along the shoreline of the Golden Gate Bridge. These multi-year monitoring projects involved coordination with the National Park Service-Golden Gate National Recreation Area staff to comply with National Historic Preservation Act Section 106 permitting requirements. Staff performed ongoing construction monitoring, recordation of historic archaeological deposits, archival research, and prepared formal monitoring reports.
